

### Churchdown Club end of March newsletter

The clocks have gone forward which means summer is just around the corner!! With that in mind we are looking ahead and are having some work done on the outside seating area this week. As a result, there is no outside seating for at least a week starting from today. It will look fantastic when it is done and will be in time for sitting out and watching the official opening of the bowls green on Saturday 16 April!!

Passing by you might also have noticed a beautifully painted tennis court which was completed last week. With lighter nights why not contact the tennis club to enquire about playing some social tennis!

You will also now see a clearly marked designated smoking area, we ask that rather than smoking on the new area that you move to the designated area to smoke where you will find bins for waste, if you can't find it just ask and one of our members of staff will help you.

On Mother's Day we were fully booked for Sunday roasts, there are no roasts this Sunday but they will return on Sunday 10 April, chef Luke will be cooking beef or pork, the following 2 weeks will be lamb or pork – we highly recommend you book in to try a truly home-cooked, freshly served roast!!!
